Course Information

This workshop will introduce the dance style which developed in the royal courts in France and the rest of Europe during the period 1660 – 1750. Some of the more typical steps, spatial patterns & arm motions will be taught, leading to a short dance from an original 18th century notation in one of the main Baroque dance rhythms, such as sarabande, bouree, gigue or menuet. The emphasis will be on the movement quality required for the style, technique and performance of the steps, which Philippa will demonstrate. No previous dance experience is necessary (and you don't need a partner!) but more experienced dancers will find plenty to challenge them. The workshop is suitable for anyone interested in theatre, opera, ballet, social dance or history of the Baroque period.

There will be a costumed demonstration on various aspects of the Baroque Dance style.
